GUIDELINES FOR POSTER PRESENTATIONS

In order to ensure the maximum dissemination of information presented in posters, each poster author will have an opportunity to give a **five minute** oral presentation to summarize the findings outlined in his/her poster. A maximum of **three PowerPoint slides** (or the like) may be used. The slides should emphasize the main aims, results and conclusions. And could be done in that way slide 1: aims/ objectives, slide 2: results if any slide 3: concluding points recommendations.

Posters should remain on the poster boards for the duration of the conference.

PLEASE CONSIDER THESE HINTS:

1. You will be responsible for putting up your poster and only prestik or doubled-sided tape will be allowed.
2. All poster contents should be legible/visible at 1,5 m.
3. Keep it simple, with clear pathways. Use figures rather than tables.
4. Text should be kept to a minimum.
5. The poster should be eye-catching and stimulating.
6. A viewer should be able to read and understand the poster in less than two minutes.
7. Maximum size: Width 800 mm - Height 1200 mm (A0 size).
8. Include your name, affiliation and acknowledgements on the poster.
